

Homework Set II

At the beginning of class on Friday, March 14, 2014, hand in your work on the following:

Exercises at the end of Chapt 36 in LN: # 6b & 9g (10 pts. each)

Exercises at the end of Chapt 37 in LN: # 7a&b (20 pts.)

Note: For the sketches in 37.7, use the larger "Direction Field for Exer. 37.7" available at our website.

Exercises at the end of Chapt 38 in LN: # 4a&c [give reasons for your answers!] (10 pts.)

Exercises at the end of Chapt 39 in LN: # 4b & 5b (14 & 6 pts)

Note: You may (should) use your answer to 4b in 5b.

Notes: *I do NOT want to see all your homework problems, and I do NOT want to have to figure out the answers you hurriedly scrawled out while you were also eating lunch! I also want space so that I can write comments if I feel so inclined. So please:*

- 1. Only hand in the problems listed above, in the order given.*
- 2. Rewrite neatly the problems that you are handing in, using a reasonably dark pen or pencil.*
- 3. Leave at least a few lines between the problems.*
- 4. Write on only one side of each sheet.*

And, of course, as much as possible, show enough work so that it doesn't look like you've just copied the answers from the back of the book.

I may take off points for failing to do the above!
